

Upload your documents

Click on the “Add a document” button:

When clicking on this button, a new window will be displayed:

You can thus send us your documents:

- By dragging and dropping them or by selecting them from the graphic interface (1)
- By sending them by email to your unique email address (2)
- By connecting your bank accounts (so that Azopio automatically retrieves the bank transactions of a specific account) or your suppliers' invoices (so that Azopio automatically retrieves the invoices of a specific supplier) – Please go to Page 13 to set up the banking transactions auto-fetcher and Page 16 to set up the supplier invoices auto-fetcher (3)
- By digitalizing your paper documents (Azopio advises using the Demat'Box to gain productivity) – Please go to Page 20 to connect your Demat'Box to Azopio (4)
- By taking a snap of your receipts (you will beforehand need to install our mobile application onto your mobile phone) (5)

Setup your storage service

To start using Azopio services, you must at least set-up one storage service (Primary storage service) from one out of the four solutions offered: Box, Google Drive, OneDrive or DropBox.

For this you need to:

- Click on the tab "Manage your account"

The screenshot shows the Azopio dashboard. At the top left is the Azopio logo. To the right, the user email 'testing@azopio.com' and a language dropdown set to 'EN' are visible. Below the header is a search bar with 'Search by keywords' and an 'OK' button. Two buttons, 'BROWSE YOUR FILES' and 'ADD A DOCUMENT', are positioned below the search bar. A navigation bar contains three tabs: 'Home Azopio Testing', 'Manage your documents', and 'Manage your account' (which is highlighted with a red box). The main content area displays a grid of management options. On the left, there are three 'MANAGE' buttons: 'YOUR ACCOUNT SETTINGS', 'YOUR SUBSCRIPTION', and 'YOUR DEMAT'BOX'. On the right, there are four 'ADD' buttons: 'YOUR CLOUD SERVICES (STORAGE, ONLINE ACCOUNTING,...)' (highlighted with a red box), 'YOUR BANK ACCOUNTS', 'YOUR SUPPLIERS' ACCOUNTS', and 'YOUR DEMAT'BOX'.

- Then click on "Add your Cloud services"

The screenshot shows the 'Configure your Cloud services' page in the Azopio dashboard. The header and navigation elements are consistent with the previous screenshot. The 'Manage your account' tab is selected. Below the navigation bar, the page title 'Configure your Cloud services' is displayed. The main content area features a large, rounded rectangular button with a green plus sign and the text 'Add a Cloud service', which is highlighted with a red box.

Set up your storage service (cont.)

- A new window is popping up, inviting you to select one of the four pre-configured storage services (Box, Google Drive, Dropbox and/or Dropbox)

- If you already hold an account with one of the four storage service providers, select it by clicking on the corresponding icon; You will then be automatically directed onto the concerned service that will invite you to enter your username and password; once the latest entered, the connection with your Azopio account will be automatic;
- If you have not yet created your account amongst one of those four storage service providers, all offering a free storage service, you will now need to choose a solution by clicking on the corresponding icon and to follow the registration steps. Once your account is created you will then be able to connect your Azopio account.

Once your primary storage service is configured, you can immediately start to send documents to Azopio. Using the same methodology you can also configure your secondary services (whether it is a storage solution or not).

Although all documents are, by default, saved in your primary storage service, you can also select (except for the "FREE" subscription plan), for each types of documents ("Supplier invoice", "Client invoice", "Receipt", "Bank" or "Other", another (and specific) processing service (i.e. your secondary service).

Choose your subscription

The choice of your subscription can only be done once your account has been activated.

Once you first connect on the Azopio platform (<https://app.azopio.com>) , with the log-in details that you have chosen during your registration (email address and password), you will be asked to confirm the type of subscription you wish to sign-up for.

YOUR SUBSCRIPTION DETAILS:

You have subscribed to **STANDARD**

(Excl. Taxes)

USD (US Dollar)

	FREE	STARTER	STANDARD	PREMIUM
Monthly subscription cost	\$0.00/Month	\$12.45/Month	\$19.95/Month	\$37.45/Month
Maximum number of users	1	2	3	5
Maximum number of documents processed per month)	10	50	200	1,000
Detailed search	Limited	✓	✓	✓
Email processing	Limited <small>(Up to 3 emails per month)</small>	Limited <small>(Up to 50 emails per month)</small>	Limited <small>(Up to 200 emails per month)</small>	Limited <small>(Up to 1,000 emails per month)</small>
Automatically retrieve your Supplier invoices	-	50	100	200
Automatically retrieve your banking transactions	-	1 accounts	3 accounts	5 accounts
Option to send your documents to two different destinations of your choice	-	✓	✓	✓
	<input type="button" value="SUBSCRIBE"/>	<input type="button" value="SUBSCRIBE"/>	<input type="button" value="UNSUBSCRIBE"/>	<input type="button" value="SUBSCRIBE"/>

If you select the “FREE” package, you will immediately go onto the step “Configuration of your storage solution”.

If you select one of our monthly subscriptions “STARTER”, “STANDARD” or “PREMIUM” you will be asked to enter you billing and payment method details. Once this done, you will automatically move onto the “Configuration of your storage solution”.

If in any given month you exceed your quota of documents (your quota depends on the plan you subscribed to) then all documents exceeding this quota will not be processed by Azopio (but they will still be filed in the “Other” directory).
